MEDICAL SOCIETY MEETS

AN INTERESTING DISCUSSION OF TU-BERCULOSIS.

Several of the Prominent Physicians of the City Give Their Views.

The Marion County Medical Society met 11 last night to consider especially the subject of tuberculosis. About fifty of the members were present and many interesting views were presented. Three papers 16 153 126 150 112 147 112 148 113 were read, after which there was a general discussion opened by Dr. Hadley. The first paper was by Dr. Allison Maxwell, who talked of characteristics of the disease and methods of prevention. He was followed by Dr. Theodore Potter with a paper which he called "A Summarized Statement of Treatment." Dr. Burkhardt presented the third paper on "Treatment of Advanced

Cases of Tuberculosis." It was agreed that there is no known cure for the disease and that all treatment is only an aid to nature in the arrest of progress and the restoration of tissues which have not been wholly destroyed. Instances were cited where sanatoriums for the "cure" of consumption had been established and figures showing the result of systematic treatment. Dr. Potter said that physicians generally complained of inability to give much relief in cases in the primitive stages for the reason that persons so afflicted would not submit to the physician's control sufficiently to do good. Dr. Burkhardt gave figures from the records of German hospitals for consumptives. He urged the establishment of such hospitals here under control of the State and maintained by taxation, particularly of insurance companies.

Dr. Hadley, in opening the discussion, opposed the idea of establishing such hospital for the reason that taxes for street improvements were already enough to inflict hardship. He suggested, as other speakers had done, that a rational way to stop the increase of consumption was to bring about more hygienic living. Dr. White continued the argument and alluded especially to public schools, where a large proportion of the afflicted contracted the disease. He said much good could be accomplished by in-struction to children as to the proper use of respiratory organs and right care of the body. Dr. Page followed along the same line, and he was followed by Dr. Hurty, of the State Board of Health. The latter presented charts accompanying the following statistics, which he said mean that during the next ten years, with no allowance for increase in population, 40,000 persons would

The total deaths from all forms of tuberculosis for the year ending Sept. 30, 1900, was 4.683. This is 13.1 per cent, of the total deaths from all causes, which numbered 35,354. This makes one death in Indiana for each 6.7 persons of its population.

'Total deaths from pulmonary tuberculosis were 3,396. This is 9.6 per cent. of total from all causes, or one death for each 9.4 of population. Of the pulmonary form 2,206 were between the ages of fifteen and thirty-five years. This is 64.0 per cent. of the total deaths from pulmonary tuberculosis and 6.2 per cent. of the total from

"The ravages of the disease in all forms between the ages of fifteen and thirty-five years is startling, the figures being pulmonary, 2.726; not pulmonary, 516. Between these ages-the very flower of life-occurs 58.8 per cent. of all tuberculosis deaths, and this is 9.2 per cent. of the total deaths from Dr. Page reported that the managers of

the Flower Mission sought the assistance of the Marion County Medical Society in the matter of the establishing of a hospital for consumptive children of poor families, for which a donation of \$5,000 was made raised among citizens. The society approved the work of the Flower Mission, and appointed a committee to advise as to the best method to pursue.

The report of the committee which was to have reported upon the "insanity trust" investigation was not ready, and the matter was made a special order for to-morrow

GOOD-BYE, TAGGARTISM

(CONCLUDED FROM FIRST PAGE.) 1, and as early as 9:30 o'clock Mr. Bookwalter was receiving telegrams of congratulation from friends residing as far away as Evansville. One of these telegrams, which he read aloud, was from S. E. Morris, of Evansville, who said that nothing could have pleased him more than Mr. Bookwalter's triumphant election. The crowd in the committee rooms understood the name of the sender of this message as S. E. Morss, and several remarked: "Why, we didn't know Mr. Morss was out of

The Three Old Members Re-Elected by Big Majorities.

The indications at an early hour this morning, based on the returns that had been received on the vote for school commissioners, point to the re-election of Charles W. Moores by about 20,000 majority. Henry C. Sickles by about 7,000. But few returns were received on the vote for the commissioners, and the estimates given are not official. The rest of the vote was scattering, and no one candidate came near to defeating any of the three men named.

Democrats "Ducked" Quickly.

Things were "hot" about Democratic headquarters in the Stevenson building last 113 55 112 52 111 52 111 52 night, but they didn't stay "hot." The committee rooms and the corridors were crowded until about 10:30 o'clock. Clerks were busy tabulating the returns sent in from the different precincts. In the gath-ering during the early part of the evening were Thomas Taggart, Candidate Maguire, Chairman Fanning and others of the party leaders. There was plenty of confidence at first, but the chill began to be felt and the leaders disappeared. About 10:30 o'clock it was said that Mr. Taggart and Mr. Ma-139 118 135 114 132 115 133 114 guire left the rooms two hours before. Chairman Fanning had stayed until there was no chance of figuring out the "pro-86 104 86 99 posed" majority.

Mr. Bookwalter's Brother.

Mr. E. J. Bookwalter, brother of Charles A. Bookwalter, the newly elected mayor, was in the city yesterday. He is publisher of the Halstead (Kan.) Independent and the Burton (Kan.) Graphic. He was naturally elated over the result of the elec-

WHO THEY ARE.

Something About the Successful Republican Candidates.

Charles A. Bookwalter was born in Wabash county Dec. 7, 1860. His early life was spent in Fort Wayne, and he came to Ina printer by trade, and to this day retains | nearing Puget sound. his membership in the Fort Wayne Typograpical Union. He became the president 2 110 92 102 92 100 92 101 89 of one of the leading building and loan associations of this city, but resigned a year 78 78 78 74 133 104 131 99 130 100 129 98 ago to devote his whole time to his business 6 133 51 148 43 142 46 141 46 as president of the Gem Garment Company, which now has 300 employes. He-is a Ma-8 113 46 121 38 111 43 107 41 9 154 85 157 75 152 79 156 73 son, an Odd Fellow, and two weeks ago was elected chancellor of the Grand Lodge 10 112 115 110 107 110 105 111 102 of the Knights of Pythias of the State of Indiana. Mr. Bookwalter was a candidate for mayor two years ago, and Republicans assert that his defeat at that time was only attributable to a manipulation of the vote by and at the instigation of the Democratic managers of that campaign.

George W. Stubbs, elected to the office of police judge, is a veteran of the civil war and was police judge of this city in 1893-95. Mr. Stubbs was the Republican nominee for who was the mayoralty candidate, was defeated, but Mr. Stubbs ran 1,200 votes ahead office in 1897, when W. N. Harding was at Totals ... 1681 829 1649 769 1614 806 1406 680 the head of the Republican ticket, but that campaigner and has many friends.

X X X Charles N. Elliott, elected to the office of city clerk, was born in Terre Haute thirty years ago. He came to this city while still a boy and found employment in one of the local railroad offices. He has been steadily advanced and is to-day the local claim agent of the Vandalia Railroad, which position he will not resign. He was a candidate for city clerk two years ago and came within 138 votes of election. He began his political career in this city before he was of age and has ever taken an active part in the interest of his party. He has served as secretary of the Marion county Republican committee for six years and is said to be the best organizer that ever held that position. He is a member of the Mystic Tie Lodge, A. F. & A. M. of Franklin Lodge, 1. O. O. F., and is past chancellor of Indianapolis Lodge, No. 56,

Harold C. Megrew, elected as councilman shown. The Merchants' Exchange, where at large, was elected to the same position | the ball was held, was crowded to the two years ago and was the only one of the outgoing Council to be rerominated for councilman at large. He was major in the town streets last evening about 7 o'clock- One-hundred-and-sixty-first Indiana Volunteers during the Spanish-American war. He is well known among politicians and is at present engaged in the insurance business steadily, until at 8 o'clock street-car traffic | with offices in the De Soto block.

MISSIONARIES IN GEORGIA.

Countries.

Washington Post. While the case of Miss Stone is uppermost in the public mind and while we nurse our horror and indignation at the wickedness of the "Turkish" barbarians in southeastern Europe it may be as well to give one moment to a consideration of our own the teachers of creeds and faiths which conflict with those we have adopted. The Montgomery (Ala.) Journal of last Friday gives us a pretty little story very much to

Two Mormon elders, B. F. Stewart and F. Zundel, living in Atlanta at No. 462 Houston street, were the victims a few days ago, they state, of rough treatment at the hands of a masked mob in Hart county. "According to their statement they were visiting O. T. Shirley at Bowersville, Hart county. Shirley, they say, is a member of the Mormon faith and they were there on business for the church, which they had about completed when the mob came to claim their attention.

"The two elders were getting ready to leave Bowersville for Atlanta, expecting to start in the morning. The night before a called the two elders out. Elder Stewart responded and asked what was wanted. 'We want you,' was the reply of one of the band, 'We have had enough of your Treasurer Billingsley, of the convention, Mormon teachings around here and you

> Of course there is nothing new in this Mormon evangelists have been treated thus for years past in half the States of the Union, especially in the Southern and Western States, though only so because they have been most active there. The people of Ohio, Indiana, Illinois, Missouri, Kentucky, Tennessee, Georgia-and everywhere else, for that matter-have their own social and religious establishments and ideas. They believe in them, find them suited to their wants and do not propose to have them disturbed or even challenged by outsiders. Usually, though not always, they stop short of actually murdering the missionaries, but, as the Journal's article shows, they resort to very strenuous methods to the end of what they regard as self-protection. Some men would rather be shot to death outright than flogged to the brink of the grave and otherwise subjected to heart-breaking humiliation. In any event the reprisals are about as terrible as human nature can endure or human cruelty devise. That is the way civilized Americans treat invaders who come to meddle with their institutions.

The only question is whether we concede to the Chinese, the Turks and the heathen generally the same prerogatives of manhood, self-respect and independent action we insist on for ourselves.

FAKING AMERICAN EXPORTS.

H. E. Armstrong, in Ainslee's Magazine, "Imitation is the sincerest flattery," says

the swindles perpetrated by the rivals of the American manufacturer and producer. Standard oil, which on account of its excellence sells for a few cents more a gallon than the Russian and Sumatra oils, is put up in cans weighing thirty-two pounds each. The Chinese, taking care not to disturb the seal, bore a hole in the bottom of the can, let out the oil and substitute the Russian or Sumatra. Thousands of empty Standard Oil cans are shipped from Hau-Kau to Shanghai to be filled with Russian oil for the interior market. The Chinese seem to be adepts at cheating. They take American flour sacks, fill them with cheap grades and represent the stuff as genuine California flour. They put up cigarettes from the rankest tobacco sweepings in American packages. They sell the Chinese hams, which revolt the average stomach, for the fine-flavored Chicago ham. They soak labels off condensed milk cans, champagne, perfume and sauce bottles and boxes of confectionery and stick them on an inferior and sometimes worthless article. The Japanese have for several years imitated a superior brand of American condensed milk and used the American trade mark on it. The Japanase are notorious counterfeiters of foreign goods. "Fairbanks scales, Columbia bicycles and many Japan and shipped here for half the price of the genuine article. They are equal to our products in name only. A graphophone is made in Germany and sold here for the genuine Edison. It is, indeed, a very poor imitation. What, German in the bunco business, too! Certainly, and they are so clever that detection is not easy. One of their tricks is to screw their own name plates on American machines; and they make no bones about using an American trademark if they can register it first. An American in Guatemala reports on German ingenuity as follows: "The Indians make a certain article called the mountain coat. They spin and weave the raw cotton and wool in the crudest possible way, yet the garment is woven so closely that it is practically waterproof. The Germans imitate this article so well that the Indians themsermons as Elwood pastors on Sunday- selves cannot tell the difference, and, to cap the climax, give them to the Indians to sell." England is also a sinner. "I am informed," says Consul General Stowe, at Cape Town, recently, "that 4,000,000 pounds of tinned meats were shipped from the United States to England and there rebranded "Shamrock" and shipped to this colony." Nearly all the hams sold in Rio de Janeiro as English are of American

FIVE ACRES OF COAL AFLAME IN A

CHICAGO YARD.

Sight Reminded Spectators of the Con-

fingration of Thirty Years Ago-

Lodgers Saved by a Fight.

CHICAGO, Oct. 8 .- Shortly before midnight fire started on the docks of the Peabody Coal Company, at the foot of Orleans street. The flames spread to some freight sheds of the Chicago & Northwestern Railway and to buildings occupied by the Globe Lighting and Heating Company and the Davidson marble works. Twenty flatcars standing on the tracks near by were burned. At one time five acres of coal were in flames. The loss on coal is estimated at

upward of \$250,000. A high wind was blow-

ing and for a time the flames threatened

to leap the river to the west and attack the sixteen-story structure of the John Brooker Warehouse Company. The fire is believed to have been of incendiary origin. Two weeks ago an attempt was made to set fire to the coal sheds, it is declared, and officials of the company assert there was no other way for the fire to start to-Francis S. Peabody, president of the coal company, returned to Chicago to-day from a trip to Europe. He was visiting at the home of a friend, when they noticed the reflection of the flames. Out of curiosity they went to the scene and Mr. Peabody found that his property was in flames. To-morrow is the anniversary of the great Chicago fire, and to-night's spectacular event recalled to hundreds of spectators the famous conflagration of thirty years ago.

Globe Light and Power Company and Dayidson & Co. is about \$25,000 each. The American Welsbach Street Lighting Company was also among the losers. The loss on the building occupied by the Globe Lighting and Heating Company is \$30,000.

SAVED BY A FIGHT.

At 1 o'clock this (Wednesday) morning

the fire was under control. The loss of the

Chicago & Northwestern Railway, the

Lodging House Occupants Aronsed in Time to Escape Fire.

CHICAGO, Oct. 8 .- Fire early to-day destroyed the McMahon Cracker and Biscuit Company's factory at 46 to 50 Green street, causing a loss of \$150,000; damaged Brewer & Hoffman's brewery adjoining, to the extent of \$30,000, and drove guests of several hotels near-by into the street in their night clothes. The flames started in the bakery was ablaze. Twenty-seven roomers in a lodging at 52 and 54 Green street had a providential escape. They had been aroused by a fierce fight between two lodgers, and, seeing the fire, rushed into the street a few minutes before the south wall of the factory toppled over, crushing in the roof of their dwelling place. The firemen soon abandoned their attempts to check the flames, which were fast eating up the cracker plant and confined their efforts to preventing the fire from spreading. In this they were successful, as the hotels and small buildings near the factory sustained only nominal damage.

Powder Taken from Burning Ship.

NEW YORK, Oct. 8.-The three-masted bark Griffel was damaged by fire and sunk to-night while lying at her dock in the East river. At the risk of their lives firemen and colicemen went into the hold and removed 250 cases of gunpowder which were part of the cargo. The cases were thrown overboard as fast as passed up. The cargo of the ship consisted of 30,000 cases of petroleum, which were stowed in the lower hold general merchandise in the middle hold and the gunpowder and 250 cases of loaded bird cartridges in the top hold. The city fire-boats got alongside the Griffel, and after an hour's work so filled her with water that she sank. The loss is estimated at Some Swindles of Commercial Rivals about \$150,000.

Other Fires.

BOULDER, Col., Oct. 8 .- The Delano mill for the treatment of gold and silver ores, the copybook adage. THE MAN AND THE OPPORTUNITY. An Exceptional "Hired Man" Who Loves His Work and His Country.

If we look at the presidency from Mr. Bryan's hired-man point of view, and then realize what Mr. Roosevelt is, what his deals and aspirations are, what his favorite pursuits are, what his absorption in them is, what untiring industry he has shown, what splendid vigor he possesses, one must recognize the value of our acquisition, even if we are judging him from the low plane of the hired-man view. For we have one of those exceptional hired men who love their work for the work's sake. Apart from this, and much more important than this, we have in the President the man yith the opportunity and the capacity-the two essentials which, make the greatest happiness of the fortunate American who is blessed with their possession. Mr. Roosevelt has the greatest opportunity that an American can possibly have-the opportunity to promote the welfare of the country. He not only recognizes the opportunity, but he knows the needs of the country, he has thought long as to the best manner to satisfy those needs, and he will devote himself, as no merely hired man would think of doing, to the accomplishment of his ends. If the toil of a single man, but the single man with the largest opportunity, can place the government upon a higher plane and advance the public welfare, we may expect

this result from Theodore Roosevelt. A Cure for Lockjaw.

Philadelphia Record.

The cure of a case of tetanus, or lockjaw. by an anti-toxin is of very great importance to mankind. A Brooklyn boy who had stepped on the proverbial rusty nail was attacked by this hitherto incurable malady. The surgeons injected into the brain a serum which was intended to destroy the lockjaw germs, and in a short time the distressing symptoms disappeared. There is every reason to hope for complete recovery. Since we have robbed diphtheria of most of its terrors by the use of an antitoxin, and since it has been shown that lockjaw is also amenable to that treatment, we have the strongest reasons for believing that eventually every serious germ disease will come under similar mastery.

Just Stammering.

Milwaukee Sentinel. An old-time resident of Milwaukee and a friend from New York city were walking down Wisconsin street yesterday afternoon when the New Yorker excitedly gripped his companion's arm and exclaimed: "See that man there, he is strangling!"

The Milwaukee man paused and, after scrutinizing the object of the New Yorker's alarm for a moment with great interest. 'Pshaw, man, that is only a stranger who stutters and who is trying to say Ocono-

mowoc.

Correct.

Kansas City Journal. The geography makers are not likely to have to alter their maps in order to label the Philippines the "McKinley Islands." There was nothing about William McKinlev that would make his name a fit designation for a horde of half-naked savages.
